UPS Customer Center Info Sheet

This shipment is being initiated by Guns.com (GDC), a fully licensed gun dealer located in Minnesota. The shipment will include a prepaid label to be dropped at a UPS Customer Center as per the updated Firearms Shipping Policy. Please see the excerpt from InfoShip stating we may take firearms at the Customer Center via Prepaid label.

These shipments are billable, paid, legal transactions between a consumer and an FFL dealer and billed to the Guns.com shipper number. Guns.com has the FFL information on file and is responsible for the FFL Compliance. The consumer does not need to provide the Customer Center proof of this FFL License, as Guns.com is the party responsible for remaining compliant.

This has been cleared with UPS Security, but if you have questions, please reach out to me in order to get this package moving and avoid delays.

Sincerely,

Doug Brink
